Bleatings

BY
the Old GOAT

BLACK CATS usually don't bother us, but we can easily be convinced that one of these critters crossing our path would turn our luck. We are writing this on Friday night...March 13. And we are awaiting the stroke of midnight with frightful anticipation. We have even considered moving the hands on the clock to boost our morale.

IT NEVER RAINS but what it pours. Our wife has been in the hospital. This morning our eight year old daughter awakes with a sore throat. This forced us to run her in to San Jose to grandma's. Our seventeen year old son comes home from school with broken eye glasses and a banged up hand. Results from playing basketball. The only one left has to work late to make up for all of the chasing around checking on the family. Can anything else happen? We can't help but wonder.

WE WERE FORTUNATE? We were able to see the Beatles each time they appeared on TV. Truthfully, we had to. Frankly, we don't understand all the fuss being made about the teenagers taking to them. We enjoyed them up to a point, but then we are not a teenager. We can understand why the kids go for them, and we are beginning to think that others may come up with more fantastic stories. Our little neighbor girl Kathy Starkey, about 14 years old, doesn't hesitate to tell her feelings about the English group.

HER LUNCH MONEY for many days went into a kitty. When she had $2.98 plus tax the loot purchased a Beattle record. Most amazing is that she can mouth every word of every song on the disc, and she can throw in the motions to boot. All we need now is for school teachers to be able to get the kids to memorize their studies in this manner and we will have it made.

NEXT WEEK'S ISSUE of The Press will be taken over by the Journalism students of Campbell High School. The faculty advisor Miss Taul has organized the classes in order that each student will cover certain facets of local government and high school functions. So to the best of our knowledge The Press shall have about 80 reporters. We would like to ask our readers to let us know their opinions on this idea of allowing the students to report for us. For the "cub reporter's" sake we will see to it that any mail addressed to any individual student concerning his (or her) efforts will be forwarded.

JC rates 58 percent vote, Hall thanks workers

"Considering that we have no students, in our own classes, and no campus site, the 58 per cent vote March 10 indicates West Valley Junior College has strong support in the community," commented Bruce F. Allen, board chairman, at the WVJC trustees' special meeting last week (March 12).

In a postmortem review of the unsuccessful bond election which was to have provided permanent campus facilities, the trustees expressed their gratification to all groups and individuals who worked for the bond issue.

Trustee Jack Armstrong, praising the "wonderful work" of the WVJC Citizens Advisory Committee, said, "Bond issues for junior colleges not yet conducting classes rarely pass the first time. Had ours passed now, it would have been nearly miraculous."

Chairman Allen said another bond issue will be submitted to the voters at a later date and that failure of the bond issue last week does not affect the opening of classes Sept. 14, in temporary quarters in Campbell.

Summarizing the returns of the bond election, president Dr. Wallace W. Hall noted that the "yes" vote for the bonds last week was 30 per cent greater than affirmative vote when the district was formed, January, 1963.

Dr. Hall's summary follows: Total eligible voters -- 86,333; Total votes cast -- 20,801 (24%); Total yes votes -- 12,067 (58%); Total no votes — 8,732 (41%)

Nine precincts received the two-third's vote required for passage. Four were in Campbell high school district; three, in Santa Clara high school district; and two, in Los Gatos joint high school district.

By high school districts, the vote breakdown was: Campbell 7033 yes (58%), 5047 no; Los Gatos 2473 yes (54%), 2067 no; Santa Clara 2563 yes (61%), 1618 no.

Dale Scott, Research Director of the Santa Clara County Taxpayers Assn., recommended that the board reconsider the organization of the district. He noted that the taxpayers' group endorsed the bond issue, but had also expressed preference for school district consolidation wherever possible, if it would provide more for the tax dollar.

Leon Poe, chairman of the WVJC Citizens Committee, volunteered to work with Scott and others to explore on a county-wide basis whether changes in junior college district organization are feasible. Scott said his group's only objective in seeking school district consolidation is to achieve quality education at less cost. "If that can't be achieved," Scott said, "the matter will be dropped."

Allen said the board will be glad to consider the proposals of any group to save the taxpayers' money. He noted that the board, meantime, must provide education for students of the community and that a West Valley campus is needed regardless of whether the district could be re-arranged.

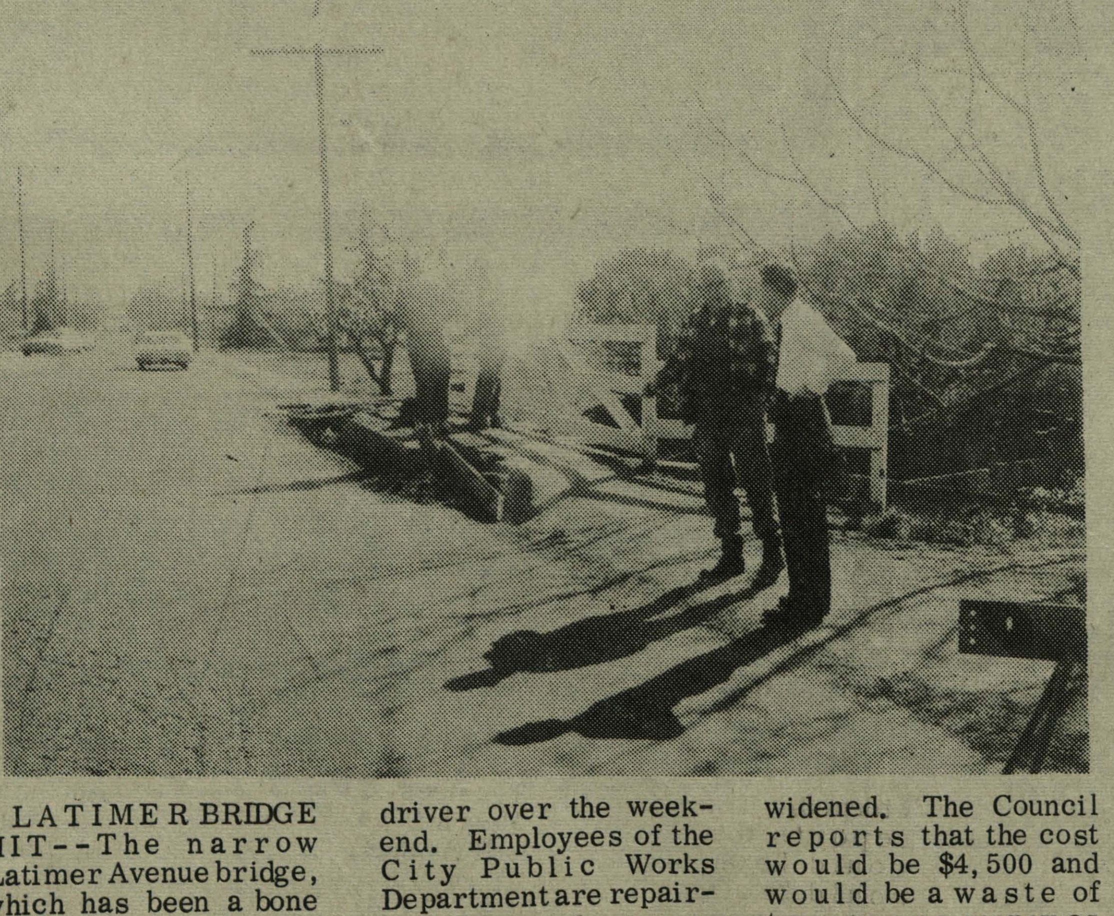
Mrs. Graham-Armstrong is named president of board

MRS. GRAHAM-ARMSTRONG

Mrs. Eleanor Graham-Armstrong was elected president of the Campbell Union School District Board of Trustees by acclamation March 12, following the resignation of Gregor D. MacGregor. Her term as president runs through June 31, 1964.

Mrs. Armstrong resides with her husband, David, at 1030 Hack Avenue in Campbell. They have three children, David, 13, Michael, 12 and Susan, 2. Her willingness to serve has meant a great deal to the community, symbolized by her Honorary Life Membership in the PTA awarded by San Tomas School in 1959 after a year as President. She has also worked actively for the PTA during the past ten years, serving as second vice president of Campbell Grammar School PTA, director of Communications of 6th District PTA and Publicity Chairman, El Paradiso Council PTA. She has given four years of faithful service to Girl Scouts as troop leader and was a Cub Scout Den Mother.

The CUSD Board of Trustees must fill the vacancy left by Macgregor's resignation by election.



LATIMER BRIDGE HIT--The narrow Latimer Avenue bridge, which has been a bone of contention between residents of the neighborhood and the Campbell City Council, was hit and damaged by a driver over the weekend. Employees of the City Public Works Department are repairing the damage. Latimer Avenue residents want the bridge widened. The Council reports that the cost would be $4,500 and would be a waste of taxpayers money as a permanent bridge will be installed next year when the San Tomas Expressway is built.

GIVEN AWARD—Postmaster James Hurley (left) smiles after receiving the "Citation for Excellence" awarded by the Postmaster General to Campbell for outstanding maintenance and care of the local postal facility. Holding the award is Mrs. Thelma J. Davis, 3938 Bucknall Road, chairman of the good housekeeping committee at the Post Office, and Harold M. Jinks, Special Assistant to the Postmaster General, presented the award. Looking on is Dick Adams of the Campbell Post Office.

Fire Dept. wins national honors

Campbell Fire Department has placed second in competition among United States cities of comparable population for outstanding activity in fire prevention in 1963. Fire Chief George Maxwell also has received an international certificate of merit from Gov. Edmund G. Brown for his department's 19th ranking among 241 United States communities in all population categories.

Competition is conducted by the National Fire Protection Assn. In the category of 5,000 to 19,000 population, Santa Fe Springs placed first, Campbell was second, and North Bend, Oregon, came in third.

Post Office cited for maintenance

The Postmaster General's "Citation for Excellence" was presented March 13, to Campbell for outstanding maintenance and care of its postal facility, Postmaster James M. Hurley said today.

The citation was presented by Harold M. Jinks, Special Assistant to the Postmaster General, to Postmaster James M. Hurley, who received it on behalf of the citizens of Campbell.

The Citation for Excellence is awarded by Postmaster General John A. Gronouski on the recommendation of the Assistant Postmaster General for Facilities, Tyler Abell. It goes only to those communities whose postal facilities have received superior ratings in rigid inspections by regional postal officials. Ninety seven awards were given in the State. There are 34,000 Post offices in California.

"With the assistance of the mail users of Campbell, we at the Post Office have striven to make our building and grounds a pleasant place in which the public can conduct its business," Postmaster James M. Hurley said. "We are proud of the fact that this interest in cleanliness has elicited a citation from the Postmaster General of the United States."

Temporary interest?

In the past, it has been our sincere hope to find the means by which we could generate interest in local government. We shall continue to use our efforts toward this goal, because we feel it is our responsibility to do so.

During the last City Council meeting we believe many local citizens became partly aware of the importance of becoming "involved" in local problems. While it may seem too late for some, we disagree, as this could be the beginning of the beginning.

To begin with most of the people present attended the meeting solely for the purpose of "fighting" the proposed PD zone change. Involved was an apartment complex including a professional type five story building along with commercial stores. Well armed with petitions and spokesmen, we could not help but admire their efforts, though, as of now, their efforts may seem futile. According to a spokesman plans are to seek a referndum in order that the entire matter be brought directly to the people.

However, it was disappointing to us to watch the Council chambers empty as soon as the council made its 3-2 decision. One of the items discussed by the city fathers was the widening of the bridges on Latimer Avenue. This should be of prime importance to the same group.

During the discussion on the PD zone it was brought out by a member of the Council that the City Master Plan was "obsolete". Also, the City Engineer informed the Council that a standard clover leaf would "go right through" the proposed five story building. While the clover leaf is not planned in this phase it was pointed out that future plans shall call for this change at the intersection.

In our opinion, we consider problems such as these "growing pains". Without an up to date master plan our ills will tend to increase. It was also stated by another member of the Council that "we now have apartments that we are ashamed of".

We submit that the first order of business should be the revamping of the master plan in order that the residents have an opportunity to at least feel some protection against spot zoning. If mistakes in allowing certain zoning and construction to take place, to the point that we are ashamed then the "new" master plan is overdue.

It has been our hope that during the council election campaign, at least one of the candidates would present his idea on zoning. This could get the citizens back into the act. We, in this column, suggested months ago that a policy be made by the City Fathers as to the continuation of apartment construction. This has not been done. Hence we are open for developers to come and buy R 1 zoned property in order to obtain a zone change to either commercial or higher density. It seems to us that under this practice, one can never be assured as to what one's property will be zoned in the morning.

One question we would present. Wouldn't the area bounded by Winchester Boulevard, East Campbell Avenue, the Los Gatos Creek and Hamilton Avenue afford Campbell all of the high rise to accomodate the thousands of people who are expected? Common sense leads us to believe that this would be placing our concentrated population adjacent to the shopping areas on Winchester, Campbell Avenue and Hamilton. And at the same time be easily accessible to the Freeway and the Expressway. It would also replace an older section of the city, by private enterprise. This could almost insure the present property owners a good return.

The Planning Commission recommended the PD zone by a six to one vote. While the City Council had a three-two split. We have placed ourselves with the minority. Not because of the over five hundred signatures on the petition, but because we sincerely feel that the future of Campbell depends on good planning. And any planning with an "obsolete" plan cannot, in our opinion be good.

Another reason for our thinking; the Downtown Committee and the City Council have spent many hours and many tax payers dollars to vitalize the area. It does not seem the Council is keeping its thinking consistent. To decentralize something that needs rejuveninating does not quite seem good business In our opinion, Campbell has sufficient commercially zoned property, the job at hand, as we see it, is to build on what we have on Winchester, and Campbell Avenue.

Goodwill asking for donations

Wooden furniture, small electrical appliances, television and radio sets are the major collection need this week at Goodwill Industries of Greater Santa Clara County, where some 300 handicapped men and women are currently receiving on-the-job work training.

Goodwill Industries Operations Director Bert Legg said that eight handicapped people are currently being trained for jobs in private industry as appliance repairmen.

REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

After more than a week of analysis and recapitulation, one solid truth can be drawn from the New Hampshire Primary. Foreign policy will dwarf every other issue in the coming Presidential campaign!

Rationalization of the vote count in New Hampshire as a victory or loss for Goldwater and Rockefeller and other explanations for the unbelieveable results can never provide the reason why more than thirty-three thousand New Hampshire Republicans ignored the names printed on their ballots and took the time and trouble to write in the name of a man who made no speeches and was six thousand miles away during the entire campaign. It is not enough to say that this was either a neighborly gesture to a fellow New Englander or a repudiation of declared candidates. Nor does it install Henry Cabot Lodge as anything like a favorite to win nomination next July at San Francisco.

To the New Hampshire voter, Lodge stood as a symbol of great knowledge in the field of foreign affairs, of firmness which is neither brash nor reckless, of detachment from political in-fighting and of ability to approach our tangled foreign affairs in a constructive manner. In my opinion, the people of New Hampshire were not necessarily expressing their choice of a Presidential nominee but were, instead, showing their deep concern over our constant losses to world communism.

The American people have never forgotten the strong and powerful image of Henry Cabot Lodge created by his immediate responses to Russia before the United Nations. He stands as a man who is rational but will not retreat from face-to-face confrontation with the communists. He is a Republican who is so respected in the field of foreign affairs that he was chosen by the Democratic Party to represent this nation in Viet Nam, the world's number one trouble spot. Furthermore, he was chosen by the very man who defeated him for his Massachusetts Senate seat and ended his career in elective office.

The Johnson Administration has already recognized foreign affairs as a potentially dangerous issue in 1964. In the current round of White House receptions for Congressmen, a time is always reserved when the First Lady escorts the ladies on a tour of the White House living quarters. In the meantime the men listen to Secretaries Rusk and McNamara. Their subject is the same each week — foreign affairs.

It could well be that a Lodge candidacy would lose its luster when exposed to the inevitable debate on domestic affairs. Without a doubt the leaders of the Republican Party will remember his lack of vitality in the 1960 campaign and will not care to risk having him at the head of their ticket. But they cannot ignore Lodge's success in New Hampshire and the reason for it. To stand a chance in November their nominee must command public trust in foreign affairs.

Wells Fargo joins in student loans to med students

Wells Fargo Bank, San Francisco, has become the third bank in the nation to participate as a financial agency in the student loan program of the American Medical Association, it was announced jointly today by the AMA and Wells Fargo.

The other two banks are Continental Illinois in Chicago and Republic National in Dallas.

Under the program set up in 1962 by the AMA's Education and Research Foundation, Wells Fargo will provide direct financial assistance to medical students and to MD's in internship and residency training at accredited hospitals.

Loans up to $1500 may be made in any single 12-month period for a total of $10,000 for the entire period of education or training.

Repayment is not required until the student completes his training and is in practice and can then be spread over a period of ten years.

Many projects ahead for Garden Club

The Campbell Garden Club was honored by the presence of several distinguished guests at their recent meeting held at the First Congregational Church of Campbell. Each guest outlined the activities of their organization and the role the Garden Club could play in their work.

Captain and Mrs. Hyett Sailor, of the Volunteers of America, spoke of the need for new facilities for Brandon House, and invited the club members to do the landscaping of the garden when ready. Captain Sailor is executive director of Brandon House and his wife is the Co-Director.

Other guests included Robert Stephens, City Manager of Campbell, Dr. Edward A. Rogers, City Councilman, and Earl Smith, Assistant Director of Parks and Recreation of Santa Clara County. Stephens was introduced and gave a short talk on his work in Campbell. Dr. Rogers outlined plans for cleaning up and landscaping the Los Gatos Creek in Campbell. Smith gave a report on plans for flood control, percolating beds, aligning and landscaping the Los Gatos Creek from Lexington Dam, and Vasona Park to Campbell. The annual pot-luck luncheon was enjoyed by all.

Montalvo will present Comic Opera March 22

Montalvo cultural center here announces the next performance in the Carriage House Theatre will be an English version of Gioacchino Rossini's 1813 two-act comic opera, "Italian In Algiers", sung by Opera Workshop players from the University of California at Los Angeles on Sunday afternoon, March 22 at 3:30 o'clock.

The delightful situation comedy, with its charming music which has a flavor of Gilbert and Sullivan, will be directed and conducted by the celebrated Jan Popper and presented in Montalvo's Carriage House Theatre.

Popper conducts the workshop at UCLA, and previously organized university workshops at the Berkeley campus and at Stanford. He last appeared at Montalvo in the Summer Music Festival of 1960 in an outdoor production of a comic opera. In this opera he plays one of two pianos, while the other is played by his assistant, Natalie Limonick.

Lead characters are sung by Stella Herman, a standout performer, as the clever Isabella, and Muneo Ohkawa handles the role of the suspicious but susceptible Mustafa.

Presented under auspices of Montalvo Music Committee, advance reservations are recommended because of the limited audience capacity of 299 seats, says Mrs. A.A. Payette, chairman, by phone to 354-1905, or to Mrs. Stewart Thompson, 354-4040.

New Del Mar officers named

Wielding the gavel for the first time as president of Del Mar High School's Parent-Teacher unit will be Mrs. Betty Marcus of 248 Manchester Avenue, Campbell.

Other officers for 1964-5 are: Mrs. Helen McClellan of 1666 Monte Mar Way, San Jose, first vice president; Mr. George Miskulin, school principal, second vice president; Mr. Laurance Hill, district superintendent, third vice president; Mrs. Jean Schrader, 1701 Marina Drive, San Jose, secretary; Mr. John Driedger, 1857 Cabana Drive, San Jose; and Mrs. Evelyn Johnson, 836 El Moro Drive, Campbell, historian. Mrs. Johnson was winner of the honorary life-time membership in PTA announced at the February Founder's Day meeting.

NEIGHBORHOOD #15

A fun day for over 500 Girl Scouts has been planned by girl representatives from each troop for March 7 at Campbell High School Athletic Field between 12:45 and 4 p.m.

This day will give all the Scouts an opportunity to meet the other scouts in the neighborhood.

The steering committee has planned games for each age level and for sister troops (Brownie and Junior Scouts, Junior and Cadette Scouts) to play together.

One troop is planning and will carry out the opening flag ceremony. A songfest, between the age-level games and the sister-troop games, will be led by Senior Scout Margaret Watson. The closing ceremony is being planned and will be carried out by one troop.

Come prepared to enjoy yourselves girls!

New manager at Bascom Avenue Safeway store

Ward Pendergraft, Manager of the Bascom Avenue, Campbell, Safeway store since 1962, has been promoted to manage a larger unit in San Jose.

Jess Eagerton, formerly Manager of a Salinas Safeway store, replaces Pendergraft.

Eagerton has been with Safeway since 1949 when he started as a Food Clerk in the firm's Napa store. Later he was promoted to Assistant Manager in the same store. He was appointed a Store Manager in Oakland in 1960 and was transferred to Salinas in 1963.

A native of New Hope, Alabama, Eagerton came to California as a youngster and attended schools in Napa. A married man, he and his wife, Thelma, have two children - Thomas and Diane.

Pendergraft first started to work for Safeway as a part-time Food Clerk in Santa Clara in 1939. Subsequently, he was appointed Assistant Manager and served in that capacity in Seaside, Monterey and Santa Cruz stores. He was appointed Store Manager in 1957 and served in that capacity in Santa Cruz, Felton and San Francisco, prior to coming to Campbell in 1962.

Pendergraft and his wife, Bette, have three children-Susan, Daniel and Carol.

Adventists to use Methodist Church for services

A fast-growing membership in the Campbell Seventh-Day-Adventist church has created a need for added facilities for church services announces Elder J.D. Bolejack of the Campbell Church.

Arrangements have been made with the Methodist Church for use of their building located at the corner of Leigh and Gunston Way in Cambrian Park.

Previously two church services were held in the Campbell Church to accomodate the large number. Now two church services will be held in two separate places, one in the Campbell church and the other in the Methodist Church. Church services by the Adventists were held in the new church last week for the first time.

Russell Summer named Goodwill "Worker of Year"

A 34-year-old man who teaches others to handle delicate electronic assembly work he cannot see has been named "Worker of the Year" by Goodwill Industries of Greater Santa Clara County, Calif.

He is Russell Summers, 2861 Manda drive, San Jose, Calif.

Father of two children, enthusiastic home gardener, woodwork hobbyist, amateur chef and husband, Summers is totally blind in one eye, has less than 10 per cent vision in the other as the result of damage caused by scarlet fever when he was a child.

In a ceremony this morning at Goodwill's vocational rehabilitation headquarters at 46 Race street in San Jose, Summers was formally recognized for outstanding progress in overcoming his handicap.

Junipero Serra Freeway opens

The first southerly unit of the Junipero Serra Freeway (Interstate 280) in Santa Clara County, was opened to traffic on Monday, March 16, between State Sign Route 17 and Saratoga Avenue in San Jose.

This project, under way since July 1962, included construction of more than four miles of six-lane freeway between 0.1 mile north of Forest Avenue in San Jose and Stevens Creek Road, and addition of a short section of inside lane to the existing four-lanes of State Sign Route 17 between Moorpark Avenue and Forest Avenue.

In this contract, the cloverleaf interchange at Stevens Creek Road was expanded to accommodate the collector roads and provide direct connection ramps to the new freeway.

Over forty percent of the $4,754,000 construction cost of the project was expanded for new structures or widening of the existing structures to accommodate the freeway. Two separate pedestrian crossings were also constructed.

Gibbons & Reed Company and Dan Caputo Company have been the contractors on the project.

Pacific Telephone readies plans

As New Hampshire voters select delegates to attend the national political conventions, Pacific Telephone said today that it has the communications job nearly half complete for the Republican nominating sessions July 13- 17 at the Cow Palace.

PT&T began working on communications for the 1964 event last June, within days after the National Committee selected San Francisco as the convention site. This gave the company a year to plan and complete the biggest single assignment in its history.

Most of the planning and engineering work is done. In the next four months, the company will be on an accelerated schedule to install thousands of miles of wire and thousands of pieces of all forms of communications equipment.

JOHN OLDHAM

"You rely on habits in stress situations." This is a major part of the basic principles of John H. Oldham, head of the Physical Education Department and Varsity Baseball Coach for Campbell High.

Coach Oldham, having earned a Bachelors and masters degrees at San Jose State, is himself a graduate of Campbell High. Comparing the present to that of the time that he graduated, Coach Oldham said, "There has been a great growth in both the city and school as to their facilities and population." Asked about the present day students at Campbell he said, "They were and are much better than average."

Coach Oldham's future goal is to have a successful baseball season. He goes about this by teaching this one basic philosophy, his "Basic Principle", to his athletes: "You do in a game as you do in practice. You rely on habits in stress situations." With this thought in mind Coach Oldham has led the Buc Varsity Baseball team to three championships out of the four years that he has coached at Campbell.

About the coming season, Coach Oldham feels, "We could have an outstanding season, but much like the Giants, we have a couple of question marks, mainly, attitude and hitting; however we are defensively sound and this helps."

As a final question Coach John Oldham was asked how he thought Westmont would affect Campbell athletically. To this he answered, "Campbell will no longer be a sports power for a few years."

Dons review basket ball season

The Del Mar Dons opened their 1963 basketball season December 3 with an impressive win over the Mountain View Eagles by a score of 72-37. The Dons succeeded in winning their next two practice games. They whipped Cupertino 57-40 and Fremont 66-48. Showing good scoring punch in these first three games were Kirk Ladine, Steve Egge, and Tom Blank.

The Sunnyvale Tournament was held over Christmas vacation and the Dons split even, winning two while dropping two. The first round found Del Mar tangling with Berkeley. The Yellowjackets overcame a slight halftime lead by the Dons to take a 79-66 victory. Kirk Ladine hit 19 points in the losing effort. On the second day of the tourney the Dons were victorious over Santa Cruz by a slim two point margin. Kirk Ladine again paced the Dons with 16 points. The next day, Del Mar defeated Menlo-Atherton by a score of 60-49. Tom Blank hit 15 for the Dons. The final game found the Dons competing against Blackford for the consolation trophy. The Braves outgunned the Dons and took a 55-42 decision.

Del Mar opened its league schedule January 7 and swamped the Saratoga Falcons 60-37. Steve Egge pumped in 17 points for the Dons. However, the tide turned as the Dons dropped consecutive decisions to Blackford 51-32 and Campbell 48-42. The Dons got back on the winning track in their next outing as they edged the Los Gatos Wildcats 66-60. Guy Martin scored 22 points and Kirk Ladine added 20 more to pace the Dons. Then followed two more victories over Camden and Saratoga. They beat Camden 59-53 despite a great 30 point performance by Joe Ferguson of the Cougars. Tuesday, February 4, the Dons met Blackford again only to suffer another setback at the hands of the undefeated Braves, by a score of 38-32. The Dons finished the season with a four game winning streak. They eaked out a 53-51 victory over Campbell and rolled to an easy 62-35 decision over the Leigh Longhorns. They then beat Los Gatos 61-58 in a thrilling game in which Kirk Ladine paced the Dons with 18 points and Jim Peifer led the Wildcat attack with 23 points. In the final game of the season, the Dons played Camden and whipped the Cougars 52-47. Ladine again led the Dons with 19 points.

The Dons finished the season with an impressive 9-3 league record, good enough for a second place finish behind Blackford.

Several of the players who continually sparked the Dons all season long with good scoring punch and tough defense were guards Kirk Ladine and Steve Egge, center Tom Blank, and forwards John Sidensol and Guy Martin.

Kirk Ladine was selected to the first team all-league squad while Steve Egge was chosen for the second team.

Open house tonight for Democratic candidates

William Jennings, candidate for the 22nd Assembly District seat and E. Day Carman, candidate for the 10th Congressional seat who were endorsed by the local County Democratic Council, will be honored guests at an Open-House tonight, March 18, at 8 p.m. at the Union School District Board Room, corner of Union Avenue and Los Gatos-Almaden Roads.

The event will be co-sponsored by the Cambrian Park Democratic Club and the Campbell Democratic Club. Each candidate will give a short resume of their candidacy and answer questions directed to them during the period following their talks.

This is your chance to get to know the men who will represent you at the State and Federal level. It is also, your first chance to participate in the campaign to elect these representatives.

A Deputy Registrar of Voters will be at the meeting to register the unregistered eligible persons. If you have changed your address, your name, or did not vote in the General Election of 1962, you must re-register. If you have been a resident of the state for one year by June 2, 1964, a resident of the County for 90 days prior to June 2 and are 21 years of age and a citizen, you may register to vote in the Primary.

Scouts

EXPLORER SCOUTS

Explorer Post #330, B. S. A., is nearing the completion of their year's project—namely, the construction of a completely new campfire area and amphitheatre at Camp Stuart, Saratoga, for the use of the entire Santa Clara County Council, B. S.A.

The Post wishes, now, to build a clubhouse meeting room for their Explorer Post meetings and their work on various projects. This meeting place would also be utilized for Parents' Committee and Leadership meetings. They are interested in obtaining a small, movable building or usable materials for the construction of their proposed facility.

Anyone who might be willing to donate such an unneeded building or materials, is requested to contact Post Advisor Charles Shroll, phone 378-5225, or the Post's Institutional Representative, Robert Janes, phone 379-3929.

GIRL SCOUTS

Today, March 18, 9:30 a.m. to 2:00 p.m., will find more than 300 Girl Scout adults gathered at the First Methodist Church of Campbell. They will be the delegates, officers, board members, and interested Girl Scout women from the Santa Clara County Girl Scout Council attending the 4th Annual Council Meeting.

This year will see a change in personnel. The new slate of officers and board members will be presented at the meeting, elected, and installed by Mrs. Donald Kudlich, Chairman of the Regional Girl Scout Committee.

Senior Scout Betsy Thompson, who was hostess to the two Peruvian Rangers here in January, will describe her activities and adventures with the charming South American girls.

The council meeting will close with a meaningful candlelight Rededication Ceremony in which everyone present will take part.

Luncheon will be served to those who have made reservations. Following luncheon there will be an open board of directors' meeting, purpose being to show the membership at large how the board works, who the officers are, and what they do.

Robert Divine in hospital

Robert Divine, partner in the Bealer-Divine Insurance Company, 257 E. Campbell Avenue, suffered a heart attack, March 15, and is confined to Campbell Community Hospital where he is receiving oxygen. According to Edward Bealer, Divine is unable to receive visitors at this time and it is expected he will be under physician's care for the next several months.

Mrs. Edward Bealer is also in the hospital. She is recuperating from a severe attack of pneumonia at Los Gatos Community Hospital.

Manager suggests resolution urging haste on Creek work

City Manager Robert C. Stephens, in a memorandum to the Campbell City Council, has suggested that they submit a resolution to the Board of Supervisors and the Santa Clara County Parks and Recreation Commission urging them to proceed as fast as possible with the improvement of the Los Gatos creek. The suggestion followed a meeting which Stephens and Dr. Edward J. Rogers, councilman, had with the Campbell Garden Club. Also present at the meeting was Earl Smith, assistant director of Parks and Recreation for the county. Smith encouraged all cities to co-ordinate their plans for improvement of the Los Gatos Creek banks with the County Parks and Recreation Department.

The resolution, Stephens suggested, would pledge Campbell's support in this program. The Campbell Garden Club has offered their services in the beautification of the creek banks.

Councilman Rogers, speaking before the Garden Club, discussed several possibilities which could be considered for the beautification of the downtown area. These possibilities included sidewalk tree planting, hanging baskets and ways of capturing a rustic village atmosphere in the downtown area. The Garden Club suggested the use of bicycle paths along City streets and along the Los Gatos Creek. They offered their services to the City through the Inter-Services Committee on Downtown development.

Hathaway Co. gets contract to repair Cherry Lane

Trustees of the Campbell Union School District approved plans and specifications and signed a contract with E. A. Hathaway in the amount of $10,300 to repair the damage to Cherry Lane School from a recent fire. There was also a $159.00 loss of books and equipment, and a $900.00 architect's fee.

Superintendent Wm. C. Henley observed this was the only fire of any consequence that has occurred in the district during the past twenty years. "This excellent record is due to close observance of fire regulations and the notable cooperation of local fire and safety officers," he said. The Cherry Lane fire was caused by mal function of a furnace control

Easter egg hunt at Campbell Park

Campbell's young citizenry have a date with an Easter Egg Hunt on Saturday, March 28th, when at 10:00 a.m., Campbell Park will be opened to their excited quest for special Golden Eggs and goodies. Chamber of Commerce Special Events Chairman Rip Schleeter is heading a committee of fellow chamber members and local residents whose goal is to make this second annual event even bigger and better than the 1963 hunt.

Presently the committee is soliciting prizes and candy eggs in hope that each participating youngster will be able to take home a "find." Merchants and residents offering a prize, candy, or help with this special event, which brings so much enjoyment to the youngsters, are urged to call Mr. Schleeter, 377-3183, or the Chamber of Commerce office, 378-6252, or Mrs. Milton Howe, FR 8-7346.

First National Bank announces 25 cent dividend

The Directors of The First National Bank of San Jose at their monthly meeting this week declared a regular quarterly dividend of 25¢ per share payable March 31 on stock of record March 23, 1964. This will be the bank's 300th quarterly dividend and it will be paid on 618,988 shares of $5 par value stock held by over 4,000 Shareholders. The Shareholders, most of them residents of Santa Clara County, received on January 31, a 5% stock dividend which carried at that time a market value of $1,030,000 and the dividend to be paid March 31 will also be paid on these new shares.

Joseph Rogers, President, pointed out at the Directors Meeting that, "The earnings for 1964 indicate the continued growth of First National.

at the hour of 8:00 o'clock P. M. (P. S. T.) for the purchase of $309,000 principal amount of bonds of said City designated "City of Campbell 1959 Storm Drainage Bonds, Series C," all more particularly described below:

ISSUE $309,000, consisting of 309 bonds, numbered C1 to C309, both inclusive, of the denomination of $1,000 each. Said bonds are part of an authorized issue in the aggregate principal amount of $894,000, of which issue $485,000 designated "Series A" have heretofore been issued and $465,000 are now outstanding and $100,000 designated "Series B" have heretofore been issued and $100,000 are now outstanding.

DATE All of said bonds are dated April 15, 1964.

MATURITIES Said bonds mature serially in consecutive numerical order, from lower to higher (without option of prior payment), on April 15 in each year, as follows:

Principal Amount	Maturity Date (April 15) (all years inclusive)
1959 Storm	Drainage Bonds, Series C
$ 4,000	1965
$ 5,000	1966-1970
$10,000	1971-1977
$15,000	1978-1985
$20,000	1986-1987
$25,000	1988-1989

INTEREST RATE Maximum six per cent (6%) per annum, payable annually the first year on April 15, 1965, and thereafter semiannually on April 15 and October 15 in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds, except that the maximum differential between the lowest and highest coupon rates named in any bid shall not exceed one and one-half per cent (1-1/2%) and that no bond shall bear more than one interest rate or more than one coupon to evidence any interest payment. The interest rate stated in the bid must be in a multiple of one-eighth or one-twentieth of one per cent per annum, payable as aforesaid.

PAYMENT Both principal of and interest on said issue are payable in lawful money of the United States of America at the office of the Treasurer of the City of Campbell, in Campbell, Santa Clara County, California, or, at the option of the holder, at the San Francisco Main Office of the Bank of America National Trust and Savings Association in the City and County of San Francisco, State of California, the paying agent of the City for said bonds.

EXECUTION AND REGISTRATION Coupon bonds will be issued by the City. Said bonds will be executed by the manual signature of at least one official authorized to execute the bonds. Said bonds are registrable only as to both principal and interest.

PURPOSE OF ISSUE Said issue of bonds is authorized by votes of two-thirds of the qualified electors voting at a special municipal bond election for the purpose of authorizing bonds for the acquisition, construction and completion of storm drainage improvements for the City of Campbell.

SECURITY Said bonds are general obligations of the City of Campbell and said City has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within the City of Campbell subject to taxation by said City (except certain intangible personal property, which is taxable at limited rates) without limitation of rate or amount.

TAX EXEMPT STATUS In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any federal income tax laws, either by the terms of such laws or by ruling of a federal income tax authority or official which is followed by the Internal Revenue Service, or by decision of any federal court, the successful bidder may, at his option, prior to the tender of said bonds by the City, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION The legal opinions of Messrs. Orrick, Dahlquist, Herrington & Sutcliffe of San Francisco, California, approving the validity of said issue will be furnished to the successful bidder without charge. A copy of the legal opinion, certified by the official in whose office the original is filed, will be printed on each bond without charge to the successful bidder.

TERMS OF SALE

HIGHEST BID All of the bonds will be awarded to the highest bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the City would be required to pay from the date of the bonds to the respective maturity dates at the coupon rate or rates specified in the bid, and the award will be made on the basis of the lowest net interest cost to the City. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Accrued interest shall be computed between the dates aforesaid on a 360-day basis. The cost of printing the bonds will be borne by the City.

RIGHT OF REJECTION The City of Campbell reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD The City Council of the City of Campbell will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for the receipt of proposals unless such time of award is waived by the successful bidder.

PROMPT DELIVERY Delivery of said bonds will be made to the successful bidder at the office of the City Treasurer in Campbell, Santa Clara County, California, as soon as the bonds can be prepared, which it is estimated will be within thirty (30) days from the date of sale thereof, but not prior to the date of said bonds.

RIGHT OF CANCELLATION The successful bidder shall have the right, at his option, to cancel the contract of purchase if the City shall fail to execute the bonds and tender the same for delivery within sixty (60) days from the date of sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID Each bid must be for not less than all of the bonds hereby offered for sale and for not less than the par value thereof and accrued interest to date of delivery. Each bid, together with bidder's check, must be enclosed in a sealed envelope addressed to the City Council of the City of Campbell and endorsed "Proposal for City of Campbell Bonds."

BID CHECK With each bid must be submitted a certified check or cashier's check for $5,000, drawn on a bank or trust company transacting business in the State of California, payable to the order of the Treasurer of the City of Campbell, to secure the City from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition, bidders are requested (but not required) to supply an estimate of the total net interest cost to the City for said issue on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the City. Checks of all bidders (except the successful bidder) will be returned by mail promptly following the sale date above specified. No interest will be paid upon the deposit made by the successful bidder.

NO LITIGATION There is no controversy or litigation pending concerning the validity of the above issue, the corporate existence of the City, or the title of the officers thereof to their respective offices, and the City will furnish to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

OFFICIAL STATEMENT The City has prepared an official statement relating to the City and to the bonds, copies of which will be furnished upon request by the City Clerk or by the City's financial consultant, J.B. Hanauer & Co., 140 South Beverly Drive, Beverly Hills, California.

Construction up in February

The City of Campbell issued 20 building permits in the month of February for construction amounting to $346,677, according to W.L. Morser, Chief Building Inspector. This is an increase of $175,347 over February, 1963, with 19 permits.

Largest construction will be the Wing Don Super Market, for $220,337, to be located at 1581 West Campbell Avenue.

Political Parade

City Council election, Tuesday, April 14

JOHN E. BILLMEYER

1. As a homeowner and parent of three small children I would like to see the City of Campbell embark on as elaborate a park program as possible. We cannot lose sight of the fact, however, that a city this young and this small has limited financial means. I would eventually like to see a system of neighborhood parks, but this appears to be beyond the present financial resources of the city. We should plan for these developments at this time, however. Perhaps a middle course is possible through cooperation with other local governmental units. Perhaps by cooperating with the county government the Los Gatos Creek area can be expanded into an attractive family-type park area, an area which would become a haven for citizens of all ages.

2. The matter of locating a corporation yard appears finally to have been settled. I would hope that no further decisions concerning its location would have to be made. Shortly after announcing my candidacy for the City Council, I drove out and inspected the present site of the yard. I could see nothing wrong with this location and I see no reason to raise the issue again. I do feel, however, that the city government should do some judicious planting around the area in order to screen the yard and city equipment from passing cars on the freeway.

3. Campbell's future will rest with the people who reside here, with the people who decide to make this hub of the West Valley their permanent home. Its location in the Valley, in close proximity to major industrial centers, should make this area naturally attractive to people looking for a stable residential community. These people, acting through their elected representatives, will have to decide whether they want a high density or a low density residential area. They will have to decide whether the city should become a "hob glob" or whether its elected officials should adhere to a sensible plan of orderly growth centered around neighborhood areas.

4. If the term "City of Campbell" is to mean more than simply a bedroom community for surrounding areas, its development must center around the downtown center. Downtown merchants and property owners realize this and have taken steps already to spur the development of the downtown area. Future plans call for expanding present parking facilities along the Campbell Avenue area in order to make it more attractive to shoppers in the city and surrounding areas. Campbell Avenue is the natural funnel for this economic travel, and ample parking facilities must be provided. The city government should cooperate as fully as possible with this private venture. The present zoning of some of the land in the downtown area provides for the construction of apartment houses. This seems like proper zoning and development of this land to its potential would provide benefits for the entire city. Development of the Campbell Avenue, downtown area, would also relieve the pressure of these types of developments intruding into existing single-family residential areas. A central theme on Campbell Avenue would attract business and increase the desirability of new merchants, providing greater revenues for paving streets, improving and developing parks, and may open up other fields such as a survey for a YMCA, the possibility of free trash pick-up for a cleaner Campbell, etc. With this forward program the downtown area could become one of the outstanding financial hubs in the whole West Valley.

5. Campbell has been our home for almost 7 years and we plan on living here permanently. I feel a desire to help form the future of Campbell, the same as I have volunteered my services as a volunteer fireman and as a board member of local school organizations. I have some ideas of what the community should offer to its citizens and I would welcome the opportunity of representing my fellow citizens in keeping this city a desirable place in which to live.

6. How do I evaluate the present administration of the city? I am most familiar with the Police and the Fire Departments. There is no doubt in my mind that the citizens should be proud of these two departments of city government. I have every reason to believe that the other departments of city government are just as good. Whenever I have come into contact with city employees I have found them to be courteous and conscientious. They have always been helpful to me.

I do think it is unfortunate that the city has been troubled by a succession of misfortunes with two City Managers. With the appointment of a new City Manager I hope that all of this is past history. I believe in the Manager form of government and know that it has worked successfully in countless other areas. I know that it can work here. I pledge myself to making it work here--to the benefit of all concerned, the citizens, the members of the City Council, and to the capable city employees.

With the appointment of a new City Manager I look forward to some stability and continuity in city government. I don't expect that everything will be rosy. There will certainly be disagreements and differences of opinion, but this is healthy for a democracy. If elected, I hope that I can serve in such a manner as to assure progress and stability in city government. I also hope that citizens will make known to me their ideas and their attitudes toward different matters which come before the City Council.

7. The greatest problem facing the City of Campbell is keeping up with the pace of growth throughout the West Valley. A number of years ago we adopted a "General Plan" for the City of Campbell. This was designed to give us some realistic objectives and goals for future development of our city. It was meant to serve as a guideline; it was never meant to be rigid, inflexible, unchangeable plan. Growth and the pressure of population is going to create situations where this General Plan will have to be altered. But I want these alterations to be justifiable; I want the changes to be for the good of the city, not sorely for the good of land speculators.

In the development of the City we have reached a point where we will have to come to grips with the problem of high density areas. We have come to the point where the citizens are going to have to determine the future direction of the City. Is the City to become primarily an area of apartment houses, or are parts of it to to be retained for single-family residential purposes? In 1960, the land area available for single-family residences was 26.4%; today that figure is down to 20%.

I am not unalterably opposed to apartment developments. I am all in favor of their development within areas set aside for them. What I do object to, however, is their continued intrusion into areas zoned for single-family residences.

The completion of the San Tomas Expressway, and the cutting through of Hamilton Avenue are going to have a tremendous effect upon the development of the City of Campbell. Done in one way will result not only in the destruction of many residential areas---some already occupied---but will also result in the destruction of any plans to expand the core commercial area in downtown Campbell. I want to preserve everything I can to improve the central core area along Campbell Avenue.

We face tremendous problems aggravated by growth. Some, we cannot even anticipate right now. I want to do everything I can to make this a better, more wholesome community in which to live.

Sincerely yours,
JOHN E. BILLMEYER

EDWARD J. ROGERS

1) Park Program:

I am very enthusiastic about our park program. Campbell Park near the creek will soon see Phase Number Two completed before the year is out, and the authorization for Phase Number Three (the area straddling and across the creek from the present park). These actions, along with the planned beautification of the whole creek-bed region in Campbell, will change an ugly eye sore into one of Campbell's beauty spots. I am proud of the fact this park was planned and authorized during my years on the council.

Another past council action in which I played a role and of which I am proud was the acquisition of approximately seven acres of land at a bargain-basement price on Rincon Avenue. This land will be developed ultimately as a park too. It is well situated in our city and should give many hours of pleasure to our citizens.

Virginia Park, which was authorized before my time on the council has now been planned in detail and the financing arranged. It should be finished before the year is out and it, too, will become a public facility of which all of us can have pride.

2) Corporation Yard:

In my view, the council acted wisely in locating the corporation yard where it is---in the Western Gravel Company area near the creek. This location is centrally located to all the city and thus can service any part of the city in a minimum of travel time. At the same time, the equipment is parked in an area zoned industrial which in my view is quite proper since it does not destroy the beauty or tranquility of a residential zone. Due to a lack of continuity in the office of city manager during the last two years, we have not yet erected our building on the site. This question, with our new city manager now to help out, should re resolved in the near future. I am happy to say, however, that we have improved and fenced the corporation yard site and have parked our equipment there for about a year. The old Boy Scout hall was given to the city of Campbell and now houses the city engineer and his staff. Thus, we could go on indefinitely under this arrangement. However, it is not the council's intent to do so. It does indicate that the council, in this matter of building a yard structure, does not have a "gun at its head." It can afford to take its time and build the best structure possible within the city's means.

3) Campbell's Future:

I think Campbell has a great future. It is centrally located in the midst of a growing population. It is my opinion that it will remain a "bedroom community"---an area of pleasant residences. I further think that this is what a majority of the people want. I do think we will attract into our industrial park (south Winchester) more light industry of the I.B.M. card-plant type. This we should encourage if for no other reason than to help our tax base and lessen the tax load on the single-family residents.

4) Campbell Avenue:

My suggestion for Campbell Avenue is to speed up completion of its widening and resurfacing. East Campbell Avenue from Bascom to the railroad tracks has just recently been paved. West Campbell, from Winchester to the western city limits will be widened, paved and provided with curbs and gutters under a recently approved city program. The intent is to provide four moving lanes of traffic in these cited areas.

5) Why do you want the job?

This question was asked me four years ago when I first ran for the council. My answer is the same. I am running for office here because Campbell is my home. Since I will probably live my life out here, I am deeply interested in the city's development. In addition, I have taught government at the college level for over fifteen years and I feel that my serving on the council, I can give my community the benefit of my education and experience.

6) What do you think of the present administration?

Since I am a member of the present administration, I suppose my view could be somewhat biased. However, I honestly feel that this administration has done excellent work in pushing Campbell forward. This is readily apparent in the energetic street and park programs and the steadily advancing efficiently in our fine police and fire departments. I would hope that future administrations would continue this forward motion.

7) What are Campbell's problems and how to solve them?

Like any other city, Campbell has had its share of problems...many of them inherited from the county. Some of these problems have been solved with dispatch by past councils and staff while other problems, by their nature, require longer-term solutions. Some of the latter are under attack now. For example, streets and parks: As I see it, the main problems at present touch on the following:

a) The problem of residential zoning. I feel that there has been too much of a tendency to favor multiple zoning (apartments, duplexes, etc.) at the expense of R-1 (single-family homes in Campbell's residential areas. I am not against multiple zoning. In the proper areas, apartments, especially the garden type, are a distinct asset to any city. However, I am against the intrusion of multiple dwellings or commercial developments into prime single-family areas.

b) Downtown rehabilitation and beautification. All cities should have a central nucleous around which the rest of the city develops. Campbell is certainly no exception. I firmly agree with the merchants' Downtown Re-development Committee (now at work on this problem) that the downtown area can and must be saved. I am in favor of a program which would beautify this downtown area (street trees, modernized stores, transfering power poles to the rear of stores, street lights with hanging flower baskets, etc.) and which would also provide off-street parking for the customers. I feel that the downtown area can be turned into a smart

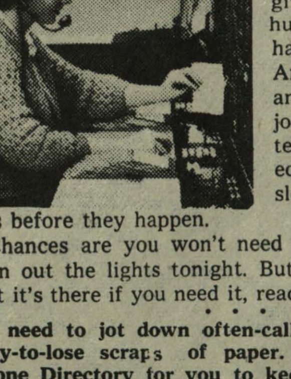
what's doing?



Here's a comforting thought for the people of Campbell: tonight, when you switch off your lights, your telephone will stay on. There's always an operator like Patricia Eichhord (at left) ready to give you a number in a hurry, or lend a helping hand in an emergency. And there are test crews and repairmen on the job, too. They check telephone circuits and equipment while you sleep; often fixing troubles before they happen.

Chances are you won't need your phone after you turn out the lights tonight. But isn't it nice to know that it's there if you need it, ready and waiting?

• • •

No need to jot down often-called phone numbers on easy-to-lose scraps of paper. We have a Personal Phone Directory for you to keep those numbers safe and handy. Want a copy? It's free . . . just give us a call at 289-9000 or pick one up at our Business Office 1650 Warburton, Santa Clara.

• • •

Ever try a get-together with friends or relatives in different cities at the same time? All you have to do is ask the operator to set up a long distance conference call.

Don't let the name "conference" scare you, though. It just means that everyone on the line can talk and listen to everyone else.

So next time you want to round-up the whole family, try a conference call. It's almost as good as being under the same roof.

Eighty-eight years ago this month, the first telephone patent was issued to Alexander Graham Bell. When you realize the millions of phones you can call today, I guess you'd say it's one invention that's here to stay.

Here are two mighty important dates you'll want to jot down: April 9—This is *the deadline date for registering* to vote in the California Primary Election. If you haven't registered, why not do it soon, so you can help select those candidates you think best qualified.

June 2—*Election Day*—the day to exercise your priceless privilege and responsibility to vote.

OUR TOWN

By Grace Hebard

John T. (Jack) Dawson, president of the local Chamber of Commerce, is in the throes of getting settled in his new home on Montecito Drive in Los Gatos. The Dawsons, who have two youngsters and another one expected shortly, formerly resided on Stokes Avenue in San Jose.

......

Mr. and Mrs. Al Yeager and four children have moved from Carlyn Avenue to a larger home at 53 South Milton Avenue.

......

The Knights of Columbus, Bishop O'Dowd Council, have reserved the night of April 4 for their annual spring dance to be held this year in St. Mary's Hall in Los Gatos. Jim Kilkenny is general chairman and Jack Mathews is Grand Knight of the local K of C.

......

Among the parties given for Miss Brenda Hopkins prior to her marriage to Bob Boyd on Saturday, March 7, was the linen shower hosted by Mrs. Joseph Caldwell of Saratoga. Approximately 20 guests enjoyed desert served at tables decorated with spring flowers and tiny umbrellas. Gifts for the bride-elect were presented to her in a "Treasure Chest" which was trimmed with wedding bells and set before the fire place. Mr. and Mrs. Clarence Boyd, parents of the bridegroom, entertained at the "rehearsal dinner" Friday evening. Blue and white was the color scheme used with wedding bells, carnations and blue candles. In addition to out of town guests, the following members of the bridal party were present: Tom Diensbier, Mrs. Margo Mack, Miss Marilyn Miller, Mrs. Monty Boyd, Don Mack and Jay Boyd. The young couple exchanged vows in the First Baptist Church of Saratoga on Saturday, March 7.

......

Mrs. Paul Nelson, 254 Radford Drive, has announced the engagement of her daughter, Zeola Dethrow, to Lonnie Ward, son of Mr. and Mrs. Cecil Ward, 1351 Peggy Avenue. Zeloa, who is a senior at Campbell High School, was the honored guest at a miscellaneous bridal shower hosted by Mrs. Virginia Ervin of Campbell recently. Lonnie is a graduate of a local High School and employed in San Jose. The wedding has been scheduled for Sunday, March 22, in the Campbell Assembly of God Church.

....

Two local girls, Carol Johnson and Linda Blade, are helping to distribute Easter candy donated by the Bakery Division of Safeway Candy Company to crippled children in San Jose, as part of the Easter Seal campaign. They will be on duty at the Crippled Children's Society Office, 814 Park Avenue, March 25-26, to distribute the candy to the children.

......

Mrs. John Kelly (Rosalie) of 98 No. Milton Avenue, third grade teacher at the Forest Hills School, is recuperating from a back injury. She was unable to participate in the Sweet Adeline Competition in Salt Lake recently. Mrs. Kelly hopes to be back to her teaching duties after Easter vacation.

Del Mar Dateline

By Kathy Johnson

The second "George Washington Honor Medal Award" has been given to Del Mar's Creative Writing class by the officers of the Freedoms Foundation. Mrs. Murle Birk Woodward, Future Teacher Group advisor, accepted the award at Regional Ceremonies in San Francisco, March 3 at a special Kiwanis luncheon.

Del Mar has come out with a victory in the competition of the Campbell Union High School District spirit trophy. This is the first year the district has competed for the trophy.

The Senior Girls Service Club held a combination car wash and bake sale last Saturday at the Flying A station near Valley Fair. Proceeds will go towards the parkas for the club.

The all school play, "By the Skin of Our Teeth," will be presented March 19 and 20 at 8:00 in the cafeteria. Price will be $1 for adults and 50¢ for children under 12.

The Oldies but Goodies Dance, sponsored by the Social Affairs Commission, was held last Friday in the cafeteria.
